

Juniors' summer training - Information and rules 2019

General information

We endeavour to keep our homepage updated with all important information and news. A lot of questions can already be answered by having a look at our homepage.

Please enrol your child only if it is his or her own wish to play tennis since a single unmotivated player can slow down the progress of the whole group. If your child is not interested or motivated in improving his/her tennis skills we reserve all rights to suspend him or her.

We demand careful handling of our equipment and facilities. The party responsible is liable for wilful damages.

During the summer term, parents can watch our trainings from the club restaurant. Parents are not allowed on the courts during the lessons; the children have to learn to collect the balls on their own. For most children it is much easier to improve their tennis skills if they do not try to impress their parents and do not feel watched all the time.

Meeting with our coaches

We are happy if you are interested in the sporting development of your child and once in a while would like to have a talk with our coaches. They would appreciate your making an appointment with them so that they can prepare themselves for the conversation and set a date with you.

Summer training

Facilities

Our trainings take place at Tennisclub Zug, Grienbachstrasse, Zug. Due to the construction works there are only a few parking spaces around. Kindly use our official ones with number 18-25 and number 45-46 according to the map. Thank you.

Enrolments

Juniors who have already been training at our club usually receive the enrolment form at the latest in March. All information on our courses and enrolment forms are also available on our homepage. We only accept written applications.

Arranging the groups

Our coaches are responsible for forming the groups mainly considering the applicant's playing ability. You will receive details about dates and times by e-mail.

Equipment

Please remember to bring sports clothes, tennis shoes, a water bottle and sunscreen. Children who have their own racket bring it to the trainings. For beginners, we have a few rackets available. However, if a child takes lessons regularly, it is useful to buy his or her own racket.

Fees

The current fees for the bambini groups, the groups of 2 or the group lessons for hobby or tournament players are published on our homepage. If trainings have to be cancelled due to rain, we do not grant any refunds.

Insurance

Has to be paid by the participant.

Juniors' private lessons

We offer private lessons for juniors if we have enough coaches available. For private lessons there is no right to always be taught by the same coach.

There are two possibilities of private lessons:

a) Summer season private lessons

You book the private lesson for the whole season and you will always play on the same day and time. The fee for the seasonal private lessons has to be paid in two instalments for the whole season. If a lesson has to be cancelled because of rain, our coaches try to switch the training to another day, but we cannot guarantee this opportunity.

b) Single private lessons

You can book single private lessons as well if we have enough coaches available. Payments for private lessons are due on a weekly basis. No fee will be charged if the entire training has to be cancelled because of rain. If a junior has to call off a private lesson later than 24 hours prior to the training, the fee will be charged.

Doubtful weather/rainy weather

Please contact our "weather phone" 041 520 74 33 if the weather is doubtful or if it is raining to find out whether the training takes place. Our coaches will inform you by our "weather phone" 50 minutes prior to the lesson if the trainings have to be

cancelled. If there is no updated phone message it automatically means that the training will take place.

Endurance training

If the training has to be cancelled because of rain, we offer an endurance training for all our juniors on the following Wednesday from 5 p.m. to 6 p.m. All children and juniors born 2009 or earlier are entitled to it.

Trial lessons

We are happy to welcome new players. In order to guarantee an ideal group allocation, we recommend a 40-minute trial lesson on a one-to-one basis. The fee of CHF 60.00 for such private coaching is due in cash after the lesson. If your child joins a group course afterwards, we charge the fee for the remaining weeks.
